### NOTICE OF PROPOSED VARIANCE FROM HAZARDOUS WASTE REGULATIONS

The Kansas Department of Health and Environment (KDHE), Forbes Field, Topeka, is providing public notice that on December 8, 1988, Total Petroleum, Incorporated, 1400 S. M St., Arkansas City, submitted a request for a renewal of a variance from specific hazardous waste regulations. The current variance expires on February 1, 1989. The request for a variance was submitted in accordance with K.A.R. 28-31-13(a).

The variance is requested from K.A.R. 28-31-8, which adopts by reference 40 CFR 264.14(b)(2). This regulation requires the facility to have an artificial or natural barrier that completely surrounds the active portion of the facility and to have a means to control entry, at all times, through the gates or other entrances to the active portion of the facility.

Total Petroleum, Incorporated has a permit to operate a hazardous waste disposal facility in Kansas. The hazardous waste disposal facility consists of a 3.85-acre land treatment area located entirely on refinery property. Wastes applied to the land treatment area consist primarily of slop oil solids and tank bottom sludges. Adequate access control is maintained by locked gates and a fence on three sides of the refinery and by the Walnut River on the fourth. Additionally, surveillance is maintained during regular working hours and periodically during other hours by the operations department. KDHE has reviewed the variance request, visited the site, and concluded that the variance is justified. In accordance with K.A.R. 28-31-13(b), public notice is being provided of the tentative decision to grant the variance.

Copies of the variance request are available for public review at the KDHE, Building 730, Forbes Field, Topeka, and at the KDHE district office, 3244 E. Douglas, Wichita, from 8 a.m. to 4:30 p.m. weekdays.

Comments on the variance request may be directed in writing to John Goetz, Hazardous Waste Section, KDHE, Topeka 66620. Comments must be submitted in writing prior to February 11. Requests for additional information may be made by contacting KDHE at (913) 296-1607.

If requests are received which indicate a significant degree of public interest, a public meeting will be scheduled. Requests for a public meeting shall be in writing to the address listed for submittal of comments and shall state the nature of issues proposed to be raised at the meeting. Such requests shall be submitted prior to February 11. The public notice and public hearing procedures may be found in K.A.R. 28-31-13(b). If a decision is made to conduct a public meeting, a separate public notice detailing the date and place of a public meeting will be issued.

After evaluating all public comments, a final decision shall be made by the secretary and a notice of the final decision shall be published in the Kansas Register. If approved, any conditions or time limitations needed to comply with all applicable state or federal laws or to protect human health and the environment shall be specified by the secretary. A date upon which the variance will no longer be valid shall be prescribed in the final decision.

(a) The applicant's need for economic development;(b) the number of new, permanent, private sector jobs

to be created by the project;

(c) the projected impact of resulting business activity on the area, including new tax revenues to the borrower, and the availability of that revenue to help repay the program loan;

(d) the estimated cost based on an engineering or other reliable estimate of the complete project to be funded by

the loan;

(e) the basis of the applicant's need for a loan from the State, including evidence that other financing options have been investigated and either are not readily available or will not cover total project costs;

(f) the availability of other funds to adequately finance any related improvement or service incidental to the project, and to finance any part of the project costs not cov-

ered by the loan;

(g) the applicant's total current and projected future

debt obligations;

(h) the project's consistency with the applicant's comprehensive plans and with the applicant's five-year capital improvement plans; and

(i) any other information deemed pertinent by the secretary. (Authorized by and implementing L. 1988, Chap.

394, Sec. 2; effective Feb. 27, 1989.)

110-3-2. Eligible applicants. (a) Any city or county government with legal jurisdiction over the site of a proposed infrastructure improvement, or with a properly executed interlocal agreement in effect which covers the site of a proposed infrastructure improvement pursuant to subsection (b) may submit an application for a loan from the Kansas partnership fund.

(b) Any other local unit of government may request the county government to make an application on behalf of the local unit, subject to the following provisions:

(1) The county government shall have a properly executed interlocal agreement in effect which covers the site of the proposed infrastructure improvements.

(2) The county government shall be considered the borrower and shall be held accountable for the project accordingly. (Authorized by and implementing L. 1988, Chap. 394, Sec. 2; effective Feb. 27, 1989.)

(a) Any project which the secretary of commerce determines would cause a significant adverse competitive disadvantage to an existing enterprise in Kansas;

(b) any project which includes the relocation of an enterprise from one location in the state to another, unless approved in advance by official action of both the county commission and the city or other municipality which would be losing the enterprise; or

(c) any project directly related to a facility where games of chance are played for money or other stakes, or where wagering occurs. (Authorized by and implementing L. 1988, Chap. 394, Sec. 2; effective Feb. 27, 1989.)

(2) formal loan termination procedures will be taken

- 110-3-10. Termination procedures. (a) Any Kansas partnership fund loan agreement may be terminated by the secretary in whole or in part at any time if a loan recipient or pending loan recipient fails in a material way to comply with the terms and conditions of a loan or to take adequate corrective actions while under a suspension.

(1) Written notice of the proposed termination shall be provided by the secretary which shall include:

(A) Notification that the loan will be terminated;

(B) an explanation of the reason or reasons for termination proceedings;

(C) the date by which the loan recipient or pending loan recipient must respond to the notification; and

(D) an explanation of the appeal procedure.

(2) The loan recipient or pending loan recipient shall have 30 calendar days from the date of the notice of proposed termination to respond in writing to the secretary before a loan is actually terminated. The response shall set forth the proposed actions to be taken by the loan recipient or pending loan recipient to prevent the proposed termination action.

(3) Within 21 calendar days following receipt of a written response or the expiration of the 30-day response time, whichever occurs first, the recipient or prospective recipient shall be notified, in writing, as to whether the secretary will proceed with termination and of the basis

for this decision.

(4) Within 30 calendar days of the date of the decision,

the loan recipient or pending loan recipient may file an appeal, which shall be in the form of a written resolution to the secretary of commerce adopted by the appropriate governing body.

(5) Upon the expiration of the 30-day period provided

in paragraph (4):

(A) the loan may be terminated by the secretary if no additional appeal has been made; or

(B) the appeal may be reviewed and a final decision

may be issued by the secretary on termination.

(b) A loan may be terminated for convenience when the secretary of commerce and the loan recipient or pending loan recipient mutually agree, in writing, that any further expenditure of loan funds is not warranted or will not be beneficial for the designated project. In such cases, the loan may be terminated in whole or in part, and the following conditions shall apply.

(1) The loan recipient or pending loan recipient shall not incur any new obligations for the loan funds after the effective date of termination and shall cancel as many

outstanding obligations as possible.

(2) Full credit shall be allowed for any non-cancellable obligations properly incurred prior to termination.

(3) An agreement between the secretary of commerce and the loan recipient or pending loan recipient shall be reached regarding:

(A) the effective date of termination:

B) in the event of partial termination, the portion to be terminated; and

(C) all other termination conditions.

(c) Upon formal termination of any loan, an encumbrance cancellation shall be issued by the secretary in the amount of any unused loan funds.

(d) The loan recipient or pending loan recipient shall be responsible for all necessary and appropriate actions to allow the secretary of commerce to properly document formal loan termination.

(e) Upon termination, the loan may be foreclosed and any loan principal and accrued interest may be declared to be payable on demand. (Authorized by and implementing L. 1988, Chap. 394, Sec. 2; effective Feb. 27, 1989.)

110-3-11. Repayment assurances. (a) Any applicant may be required by the secretary to levy an annual property tax sufficient to pay the loan principal and interest, which annually may be reduced by non-property tax revenue sources that may be lawfully available for loan repayment.

(b) Delinquent loan repayments shall be collected by deducting the delinquent amount from payments made by state agencies to the local governmental entity that is

delinquent in its loan repayment.

(c) If a loan recipient is more than six months delinquent with any scheduled loan repayment, foreclosure proceedings shall be initiated by the secretary in accordance with the terms of any loan contract made under this program. Foreclosure actions may include the seizure of any public improvements or property paid for with partnership fund loan proceeds. All loan amounts and accrued interest outstanding may be declared to be payable on demand. (Authorized by and implementing L. 1988. Chap. 394, Sec. 2-3; effective Feb. 27, 1989.)

### NOTICE OF HEARING ON PROPOSED ADMINISTRATIVE REGULATIONS

A public hearing will be conducted at 9 a.m. Friday, Febuary 17, in the training room, second floor, 128 N. Kansas Ave., Topeka, to consider the adoption of proposed temporary and permanent regulations of the Kansas Racing Commission. This 30-day notice is to constitute a public comment period for the purpose of receiving written public comments on these proposed regulations.

A copy of the full text of the regulations and the economic impact statement may be reviewed or obtained at the commission office, 128 N. Kansas Ave., Topeka 66603. The following is a summary of the regulations:

K.A.R. 112-11-1 includes the terms used in this set of regulations that might otherwise be subject to other interpretations.

K.A.R. 112-11-2 through 112-11-7 include the educational and medical examination requirements of a security guard employed by an organization licensee at a racetrack. In addition, the regulations set out the requirements concerning cooperation between racetrack security personnel and law enforcement agencies. These regulations are designed to ensure the safety of racetrack patrons and to increase the wagering interest by safeguarding parimutuel wagering. Other state law enforcement agencies will be affected by the requirement of cooperation with track security personnel with these outside law enforcement agencies. The economic impact of these regulations will fall upon the applicant for an occupational license as security guard, who will be required to undergo a medical examination and certain educational courses, and the organization licensee, who will be required to supply the security guard with continuing education.

K.A.R. 112-11-8 through 112-11-11 include procedures for an organization licensee security division, including a written security and safety manual, the physical requirements outlined for premises security at a racetrack, and identification and credentials required of visitors to certain restricted areas of a racetrack. The economic impact of these regulations is not known at this time; however, it is known that the organization licensee will be affected by the regulations' requirement of monitoring restricted areas for authorized personnel, a written manual and

premises security requirements.

K.A.R. 112-11-12 and 112-11-13 include the regulations pertaining to search and seizure on the racetrack premises and procedures for testing for controlled substances or alcohol use among occupational licensees at a racetrack. The economic impact of these regulations will affect the patrons of the track who will be assured of being rendered services by employees not affected by these chemicals. While the economic impact on patrons cannot be known, the integrity of the wagering interest will be perserved.

K.A.R. 112-11-14 through 112-11-18 include the procedural requirements for organization licensees, occupational licensees and racetrack patrons in the event of medical, fire or other emergencies. These regulations' economic impact will be that risks of fire will be prevented

and that racetrack personnel and racetrack patrons will be protected in emergencies.

K.A.R. 112-11-19 and 112-11-20 include the racetrack standards for the safety of jockeys, horses and greyhounds during training and racing. The economic impact of these regulations will be borne by the organization licensee. No other state agency will be affected, and the wagering interest of the public will be increased because horses, jockeys and greyhounds performing under conditions guarded for safety will be able to perform with reduced injures and increased races.

K.A.R. 112-11-21 includes a variety of requirements and prohibitions intended to increase the wagering interest for the racetrack patron and reduce the risk of injury at a racetrack. Its economic impact will fall upon the organization licensee, the racetrack patron, occupational licensees and the Kansas Racing Commission.
